### Important information about our pet policy

Each pet must weigh less than 22kg or 80 pounds.

If your pet is not a dog, you must have prior authorisation to stay.

It is vital that we receive your pet Vaccination Report and Pet Agreement Form prior to arrival, as we cannot authorise a pet stay without them.

Damages caused by your pet to the apartment, or any other part of the property are your sole responsibility, with the understanding that your account will be charged an appropriate amount to cover the cost of such damages on top of the £150 pe-authorisation fee.

Pets are not permitted in the lifts, gym, laundry room, conference room, or any floors beyond the 2nd floor.

If your pet is left unattended in the apartment, it must be secured in a suitable and secure pet crate.

Further terms and conditions apply. A full copy of our pet policy is available from reception.

\* Service dogs are exempt from this policy and are welcome to stay free of charge subject to availability. A vet card however is still required at check-in. Please contact the hotel prior to arrival for our team to confirm availability.

\*\* Pre-authorisation fee will only be held and will be released upon departure. Once released a further 10 working days can be expected for the amount to be cleared in your account.
